

June 14th - Fathers Day:

Father's Day was celebrated with enthusiasm and joy and members and guests were in for a real treat. The evening commenced as usual with mingling of members followed by Grace led by Aelred Pecus and a delicious dinner. Our entertainment started off with belly dancing superbly performed by one of the Diva Diverse dancers. Did you say what more could the guys ask for???? Well the next performance certainly took our fathers totally by surprise. A group of fathers were seated in the centre of the dance floor; the music started up and in paraded a group of beauties down an imaginary catwalk swaying to the music and posing to show off their outfits. Each of these beauties were dolled up in different attires – one in really short shorts and some in stilettos, some brunettes and some blondes. They smothered the fathers with their kisses and hugs, sat on their laps and tousled their hair and made some of the dads real shy and embarrassed with all the affection and attention.....until the disguises came off and fathers found out that these young beauties were none other than their very own loving spouses. What a hilarious evening!!
