

March 3rd to March 23rd - Trip to the Holy Land:

It was a typical, cold March day in Toronto when we set out on our journey but that soon changed to beautiful warmth in more ways than one. Space does not permit us to truly cover this amazing trip. We received excellent value for our money. A once-in-a-lifetime opportunity to enjoy the part of the world that is so sacred to our lives is truly an enriching experience. We visited historic biblical sites, we walked in the footsteps of the Lord Himself, we gazed with amazement at the Red Sea and pictured Moses parting the waves. We cruised the Nile in a special watercraft and floated on the Dead Sea – an exhilarating and uncanny feeling. We marvelled at one of the wonders of the ancient world – the Pyramids of Giza and while there, we could not help but wonder that our beloved Country of Canada is so young in comparison. Our Trips Co-ordinator, George Fernandes, whose attention to detail is incomparable, outdid himself this time. As one of the guests, who came all the way from California just to take this trip, said “I cannot stop talking about our fabulous trip - -you’re an angel, George”.
