

May 10th – Mother's Day Celebration:

Our Mother's Day special held on May 10th kicked off where every lady that walked in was presented with a flower. Our opening act for the evening was by none other than our President, Joachim Menezes and his sister Lily Menezes. The duo had the audience in splits of laughter as they unfolded Joachim's romance with his beloved Martha all sung in lyrics to popular music from the 50's and 60's. This was followed by other members serenading their wives with old love songs and 13-year old Bria Fitzpatrick entertaining the audience with a dance to a jazz number. Our DJ for the evening Mel Buddel provided us with great music and had everyone on their feet till the end of the event.
