

NEW YEAR'S EVE DANCE, DECEMBER 31, 2019

This was our first TEGSA New Year's Eve dance and we were not quite sure what to expect. Simply said, we had an awesome time.

The venue St. Peter and Paul Banquet Hall was lovely and the lighting and table decor provided a festive and celebratory feeling.

The meal - from the appetizers to the main course which consisted of salmon and lamb, to the dessert which included three different types of cake was delicious. Thanksgiving prayers for our food and blessings were very well said in Konkani (great job Isabel!) and in English.

Each table was provided with a bottle of red and white wine which we enjoyed with our dinner. Champagne was served closer to midnight and we were also provided with hats and noise makers to usher in 2020.

The band played music that catered to all kinds of dancing. There was ample room for guests to waltz, tango, line dance and everything in between.

There were lots of door prizes and 50/50 draws that generated excitement and there were plenty of winners.

Many thanks to the committee members and their families who must have dedicated many hours of their time to work out even the smallest of details to ensure that we could enjoy a fine event!
