

CHRISTMAS DANCE – DEC. 2, 2023 – WRITE UP BY BLOSSOM DIAS.

My husband Kenny and I would like to commend the entire TEGSA committee and all those who worked behind the scenes as well, for organizing a wonderful memorable Christmas Dinner and Dance celebration.

The ambience was just perfect and filled the air with joy and merriment around when we arrived which set the perfect tone for a festive celebration.

We and our group of friends enjoyed the live music entertainment provided and loved dancing to it.

The delectable culinary taste and presentation truly elevated the dining experience and has left a lasting impression.

The array of raffles and door prizes kept everyone hopeful although our table didn't win any prizes but we were very excited to cheer the ones that were blessed with one.

All in all it was the attention to detail and seamless service throughout the evening that elevated the entire experience. The TEGSA committee demonstrated a genuine warmth and professionalism, ensuring that every guest felt welcomed and cared for. A special mention for the friendly hardworking Saints Peter and Paul staff servers dedication for the added extra touch.

As the evening drew to a close, it was impossible not to reflect on the sheer joy and warmth that permeated every moment of the Christmas dinner dance. The event was a true celebration of the spirit of the Christmas season, bringing together friends and families in an atmosphere of pure delight and camaraderie.

Thank you everyone for going above and beyond in making this a memorable Christmas 2023 and God Bless each and everyone of you and your dear families with continued blessing all through 2024. God bless.
