

ST. PATRICK'S DAY EVENT – MARCH 15, 2024. WRITE UP BY WINN & MARIE TIMBERLAND

What a beautiful 'green' gathering to reconnect with friends (new and from the past). It was a well-organized event and the committee did a fantastic job. They were very welcoming and kept the 'show' moving along. The DJ (Francis Dias) knew exactly what was needed to keep the crowd hopping. He was super. It was a fun evening and by the turn-out could say I was not alone in my comment.

Lastly, but not the least, the dinner menu was very appropriately selected and it was an enjoyable meal.

Thanks to all who worked so hard to put this event together.
