

Line Dancing – April to June

The line dancing class was a first for me. Joan was very professional. She was very congenial, great attitude & always pleasing. Joan took the time to keep all happy. She took the time to go to all four sides of the hall so all could learn the steps of every dance. Then followed up with sending us the links. I didn't feel so useless at the end of the session. Well done Joan! Keep up the great work. Last but not the least, she was always so well dressed.
