

TEGSA Picnic, Saturday July 14....what a wonderful day and 'feel good' event it turned out to be!

The old trees bordering the quiet and peaceful picnic site #4 at the E.T. Seton Park, acted like guards muffling the sounds of the busy city around, creating a peaceful haven for everyone to enjoy. The cloudy day created just the right temperature for a great outdoor summer fun day. The interaction among all the picnic attendees during their participation in the well-organized games (where everyone won something!) added to the camaraderie of the TEGSA community. The picnic lunch was a catered meal and much appreciated.... but best of all was the communal largesse at the snack and dessert table where, EVERYONE placed tons of delicious, mouth-watering snacks and desserts, promoting a feeling of togetherness, belonging and caring.

Thank you to the TEGSA planning committee, for your selfless dedication and countless hours of planning. Excellent job! LONG LIVE TEGSA PICNICS and everything TEGSA!
